CENTRAL COMMITTEE PERSONNEL.

In the First District Lewis G. Bernard Wins While in the Twelfth District the State Committee Decides the Contest in Fred J. Heer's Favor.

THE TICKET.

For Secretary of State—REV. HERBERT S. BIGELOW, Hamilton. For Supreme Judge—MICHAEL DONNELLY, Henry. For Dairy and Food Commissioner—PHILIP H. BRUCK, Franklin. For Member Board of Public Works—JOSEPH J. PATER, Butler.

Convention Hall, Cedar Point, O., Sept. 4.—The Democratic state convention assembled in the pavilion at this summer resort, shortly after 10 a. m. The decorations were elaborate and the attendance was large. The pavilion stands directly on the beach of Sandusky bay, one side of it overlooking the water, so that the audience was fanned by the lake breezes. The weather was ideal, and no larger crowd could have been more comfortably situated.

Previous to the convention assembling the first congressional district delegation settled its contest by making Lewis G. Bernard state committeeman, instead of Prescott Smith. There was another fight in the meeting of the Twelfth district, where the

REV. HERBERT S. BIGELOW. vote for state committeeman resulted in 20 for Fred J. Heer and 20 for C. C. Philbrick, and the tie vote contest was left to be settled by the state committee, and later it decided in favor of Heer.

Mayor Tom L. Johnson was escorted across the bay from Sandusky to Cedar Point by a large party of friends, and received a great ovation on landing at the beach.

After Hon. W. J. Frey, chairman of the Democratic state central committee, had secured order, prayer was offered by Rev. Theodore J. C. Stellhorn. Chairman Frey then reviewed the history of the last campaign, congratulated the party on the harmonious and organized condition of the Ohio Democracy at this time, and presented to the convention the report of the committee of five, appointed last year on ways and means for better organization. He explained that this report meant the establishment of a thorough precinct, ward and township organization ready for immediate campaign service.

In praising the work of the quintet, headed by Harvey Garber, candidate for congress in the Fourth district, he said: "This committee has filed the names of 1,000 Democrats in Ohio, who could be called upon for work during the campaign, and that on its lists are names of men in every locality who have agreed to take the local responsibility of an active organization for the coming campaign."

He urged the convention to decide on a continuance of such a committee to maintain a permanent organization the year round. He would have subscribing members to this permanent

committee, each of whom should pay \$10 a year to bear its expenses. In return for these contributions, Frey wanted an official bulletin issued each month for their information, containing the latest political news, in order that the cohorts might be constantly ready for work. The organization, which the special committee labored a year to build up, was turned over to the state central committee entirely paid for. The committee financed its own work, and it has not an outstanding bill. This means a substantial saving to the state central committee, said Frey, in the coming campaign.

At the close of Chairman Frey's address, the report of the old quintet was adopted and the committee of five was discharged and the state executive committee of nine selected by the state central committee was submitted in its stead as successor in the permanent organization of the party.

Hon. Tom L. Johnson was then introduced as the temporary chairman.

Besides his set speech Mr. Johnson diverted to make references to events of the past few days, especially to the recent revolt in Cincinnati against what he called "board rule," under a boss at Cincinnati.

There were cries of "how about the boss of Cleveland," and other demonstrations, but the speaker commanded the closest attention, and was loudly applauded at the close of his speech, receiving three cheers and a tiger.

Hon. Charles W. Baker of Cincinnati presented the name of the Rev. Herbert Bigelow, pastor of the Vine Street church at Cincinnati, for secretary of state, and he was nominated and elected without opposition.

For both the long and the short terms as supreme judges the names of a half dozen or more eminent lawyers had been mentioned. The rules were suspended, however, and Judge Michael Donnelly of Napoleon, who was regarded as the Johnson man, was nominated by acclamation.

For food and dairy commissioner, the name of Senator John Krause of Cleveland, a friend of Mayor Johnson, was presented by representative M. E. Meiser and the name of Hon. Philip H. Bruck of Columbus was presented by Webster P. Huntington.

Huntington closed with the following allusion to what was called the Johnson slate: "We stand with devotion and enthusiasm for the platform you have adopted, and for the candidates thus far nominated. We gladly accept a leadership from Cuyahoga county, but we ask to be led and not driven. Recognize the claims of all the Democrats of this great state upon your consideration. Shun factionalism and sectionalism and partisanship as you would the devil, and give us the justice we deserve."

The first ballot for dairy and food commissioner stood: Krause, 330; Bruck, 398. Bruck was declared the nominee and the Johnson slate in this case was broken.

For member of the board of public works, Joseph J. Pater of Hamilton was nominated by acclamation.

After adopting the rooster as the party emblem, authorizing the state committee to fill vacancies, and thanking the management of Cedar Point, the convention adjourned.

The platform declared in favor of the Kansas City platform without specifically mentioning the 16-to-1 silver plank, and praised W. J. Bryan. It discussed state taxation laws and the municipal code, declaring in favor of home rule.

State Central Committee—First district, Louis G. Bernard, Hamilton; Second, John G. Roth, Hamilton; Third, William F. Mason, Butler; Fourth, Val Lee, Shelby; Fifth, G. M. Saltzgaber, Van Wert; Sixth, Jacob Burst, Clinton; Seventh, W. S. Thomas, Clark; Eighth, W. J. Frey, Hancock; Ninth, John Bolan, Lucas; Tenth, George Hutt, Pike; Eleventh, James A. Devine, Ross; Twelfth, Fred J. Heer, Franklin; Thirteenth, John Strang, Erie; Fourteenth, W. G. Beebe, Morrow; Fifteenth, E. F. O'Neal, Muskingum; Sixteenth, W. B. Francis, Belmont; Seventeenth, William T. Alberson, Tuscarawas; Eighteenth, S. L. Clark, Mahoning; Nineteenth, W. W. Padgett, Trumbull; Twentieth, Charles P. Salen, Cuyahoga; Twenty-first, Harry F. Payer, Cuyahoga.

The new state central committee organized by re-electing W. J. Frey of Findlay chairman and Harry Payer of Cleveland secretary, the latter a close friend of Johnson and the former a recent convert. When the McLean men organized the committee last year, Frey was their candidate and Payer was made secretary as a concession. Frey recently voted for Mayor Johnson as temporary chairman of the convention, and is especially disliked by the McLean men. He was last night the Johnson candidate in the organization. Bernard, Hutt and Heer, three anti-Johnson men, were not allowed to participate, as their seats were contested.

He urged the convention to decide on a continuance of such a committee to maintain a permanent organization the year round. He would have subscribing members to this permanent

BUMPED IN THE AIR.

Coach Containing President Roosevelt and Party Struck.

RUN DOWN BY ELECTRIC CAR.

Chief Executive and Secretary Cortelyou Not Seriously Hurt.

SECRET SERVICE AGENT IS KILLED.

The Shocking Accident Occurred While the President Was Enjoying a Coaching Trip Over the Berkshire Hills From Dalton to Lenox.

Lenox, Mass., Sept. 4.—A terrible accident overtook the president's coach a short distance from Pittsfield, Mass. After a short visit to the home of ex-Senator Dawes, the president started on the long drive to Lenox. He had not gone far when an electric car ran into them, throwing everyone to the ground and badly damaging the vehicle.

The president received cuts on the head, Governor Crane was bruised. William Craig, the secret service man, was instantly killed. The president was able to resume his journey to Lenox, but sent word ahead that there should be no cheering.

After leaving Senator Dawes' house the four carriages containing the president and his immediate party were driven down South street, two carriages on either side. When near the Country club and at the railroad crossing, an electric car was noticed coming at a terrific rate of speed. Mr. Craig signalled to the motorman to stop, but he apparently paid no attention to the warning, and the car came ploughing on its work of death.

The president's carriage was literally smashed to pieces. A witness of the accident stated that the motorman was speeding his car in order to reach the club. The president, Governor Crane and Secretary Cortelyou were piled up in a heap. The awestricken crowd which witnessed the accident, rushed to the president's carriage, but met with no expectation that he could be found alive. The president was cut on the right side of his chin and his face is much swollen.

Secret Service Agent William Craig was killed outright, and D. J. Pratt, the driver of the coach, sustained a fracture in the skull, which it is feared will result fatally. The coach was a regulation tally-ho vehicle. The accident happened at a point about a mile and a half from this city, near the Pittsfield Country club house, while the president and his party were enjoying a coaching trip from Dalton, Governor Crane's home, where the president spent the night, to Lenox, a distance of about 23 miles over the Berkshire hills.

Conductor and Motorman Arrested.

The car was in charge of Conductor James Kelly, with Motorman Luke J. Madden on the front platform. The car struck the coach in the rear and smashed in the back of the vehicle, tipping it over and throwing its occupants to the ground. The car was badly damaged. Motorman Madden and Conductor James Kelly were at once arrested and taken to Pittsfield. Pratt, the driver of the coach, also was taken there and placed in the Pittsfield hospital.

The president and party went to the Country club nearby, where their wounds were dressed. In a short time they proceeded to the Curtis hotel, Lenox.

The president retained his usual composure, although he was solicitous for the rest of those in the carriage. The excitement was intense, and rumors flew thick and fast that the president had been killed.

After remaining at the scene of the accident for an hour, the president determined to continue his journey to Stockbridge. After a brief stop at Lenox he was driven to the train. Dr. G. A. Lung of the navy, who accompanied the president, gave medical assistance.

The president's program included a journey from this state through Connecticut, and he was to stop at Lenox and Stockbridge and Great Barrington, in Massachusetts, and at New Milford and Bridgeport in Connecticut. At Bridgeport the yacht Sylph was to meet him and take him back to Oyster Bay.

Spoke to the Crowd. Stockbridge, Mass., Sept. 4.—President Roosevelt arrived in Stockbridge

shortly before noon, having driven across the country from Lenox. The people had turned out to give him a welcome, but the news of the accident had preceded him. His face was badly swollen. He stopped just long enough to say a few words. "I presume you have heard that our party met with an accident, in which one man was killed. Therefore, I shall not address you beyond thanking you for your kind reception and request that you make no applause or demonstration of any kind."

SHOT BY AN ATTORNEY.

A Prowling Negro Receives a Bullet In His Groin.

Cleveland, Sept. 4.—Simon Johnson, a negro, who gave his home as Chicago, was shot down just outside the residence of Attorney Charles M. Sheldon of 3972 Euclid avenue, by a rifle in the hands of Mr. Sheldon. The negro managed to escape after being shot, but was trailed by bloodhounds and captured about 600 yards from the house. The capture of Johnson, it is believed, clears up the mystery in a series of burglaries which have been terrorizing the residents of East Cleveland for three weeks past.

Mr. Sheldon was awakened by a noise in his house, and arising he saw a negro just outside his door. He procured a rifle and shot the man in the groin. The negro was taken to the town hall and a physician summoned. His injuries are probably fatal.

No Confidence.

Washington, Sept. 4.—The report of Carroll D. Wright, the commissioner of labor, on the anthracite coal strike was made public. Commissioner Wright finds that there is no confidence existing between the employees and their employers. This, he believes, is one of the chief causes of the difficulties between the operators and miners. Commissioner Wright suggests that it would be reasonable and just for the operators to concede at once a 9-hour day for a period of six months as an experiment. He suggests that there should be organized a joint committee on conciliation, composed of representatives of the operators and of a new union of anthracite employees, to which all grievances should be referred for investigation and that their decision should be final.

Iowa Democrats.

Des Moines, Sept. 4.—State Chairman S. F. McConnell called the state Democratic convention to order. The principal issue was the wording of the plank with regard to the endorsement of the Kansas City platform. Charles A. Walsh, secretary of the national Democratic committee, asserted before the convention convened that there was no doubt with regard to the endorsement and that the opposition would not have to exceed three representatives out of 11 upon the committee on resolutions. Ex-Governor Boies, who is leading the forces who desire the silver question ignored, would not concede his defeat. H. C. Taylor of Davis county acted as temporary chairman, and delivered a speech of two hours' length.

Protective Tariff Denounced.

Sacramento, Cal., Sept. 4.—The Democratic state convention adopted a platform denouncing a protective tariff and the trusts as inimical to the best interests of the people; favoring the complete exclusion from all American territory of Chinese; demanding the enactment of laws, state and federal, prohibiting the issuance of injunctions in labor disputes infringing upon the rights of free speech, free assemblage and freedom to organize. The platform endorses the construction of the isthmian canal, and favors legislation looking to its early completion, favors an 8-hour day for all government employees and the construction of government vessels in navy yards.

For Amateur Reinsmen.

Cleveland, Sept. 4.—Through a misunderstanding the impression prevails that the third trotting of the Boston challenge cup will occur at Cleveland on Friday. The race will take place on Thursday. Lord Derby and the Monk, who will start against the cup defender, John A. McKesson, have arrived here, together with other horses of the C. K. G. Billings and E. E. Smathers stables. Fully 60 horses from New York, Boston, Syracuse, Pittsburg, Columbus and Chicago are now at the Cleveland track awaiting their engagements in the Inter-City matinee for amateur reinsmen, which will take place Sept. 4 and 5.

Return of Arctic Explorers.

THIRD ATTACK ON THE COAST FORTS.

The Maneuvers Are Regarded as Effective as Well as Spectacular. Decision of the Umpire Anxiously Awaited.

New London, Conn., Sept. 4.—At sunrise the naval enemy made its third attack on the forts of New London district. It is said to have been most effective, as well as most spectacular move that has taken place since the maneuvers begun. The firing began at 4:50 a. m., and continued almost incessantly for two hours, being directed at Fort Wright, Fisher's island. The attacking squadron was composed of the battleships Kearsarge, Alabama, Massachusetts and Indiana.

The sun was well up when the four ships were seen coming from the direction of Gardner's bay. Just as soon as the first ship was in firing distance she was fired upon from Fort Wright, it seeming to be the purpose to capture that strongly fortified place, believed to be capable with the aid of Forts Michie and Terry of coping with the strongest fleet afloat. The ships kept pretty well out in passing Race Rock light, but made no attempt to enter into an engagement with either Michie or Terry, very few guns being fired from these forts during the two hours of fighting. It was a determined attack on Fort Wright, and the firing from the guns and mortars of the fort was kept up incessantly as the four ships formed in line for battle and sailed slowly by the fort, exchanging shot for shot, as far as possible.

Before attacking the fort, the ships made a detour and then swung well in towards Fisher's island and commenced the bombardment after two ships each had taken position at the front and rear of Fort Wright. Colonel Davis, commanding the district, was at the signal station. The firing was kept up for about half an hour, when the ships sailed well out towards the Race again, the defenders believing the ships were to retreat in the direction whence they came. Suddenly the ships turned, and again made a vigorous attack on Fort Wright, this time attempting to make a landing. One of the big ships drew in pretty close to the fort, and with rapid fire covered the landing party, but in opposition to this movement the Gatling guns at the fort were brought into requisition, and the landing party was evidently repelled, or rather that particular phase of this attack was not considered successful.

After the conclusion of this second attack, the ships steamed out into the race and back in the direction of Block island. Both on the passage and from Fort Wright, the ships made attacks on Fort Mansfield at Napatree Point, and it is quite likely that Mansfield will be considered as having been reduced by the enemy, and perhaps the enemy will claim Fort Wright, for the ships certainly did put up the fiercest kind of a naval attack. They were handled skillfully, and their fire was very effective. Still army officers claim that Fort Wright was competent to cope with four battleships even without assistance from Fort Michie and Fort Terry. The decision of the umpire is anxiously awaited.

Gates' Petition Granted. Denver, Sept. 4.—The United States circuit court assumed jurisdiction in the suit of George E. Bartlett for an injunction to restrain the Colorado Fuel and Iron company from holding its annual election of officers. The suit was brought in the district court of this state, and Judge Mullins granted an ex parte injunction, causing an indefinite postponement of the election, which was to have been held in this city on Aug. 20. Attorneys for John W. Gates and associates, who are seeking to gain control of the company, petitioned the federal court to assume jurisdiction in the case, and the application was granted by Judge H. C. Caldwell.

Castries, Island of St. Lucia, British West Indies, Sept. 4.—The zone of destruction of Saturday night's eruption of Mount Pelee, Island of Martinique, parallel that which destroyed the town of St. Pierre in May last, but it spread some five miles more eastward. The projection of destructive matter southward from Mount Pelee was almost identical with that of last May. The area embraced Morne Rouge, the southern spur of Mount Pelee, on which beautiful hill was the sanitarium of St. Pierre.

CORNELIUS N. BLISS, who was the custodian of the Republican campaign fund in 1896, and who was Secretary of the Interior in McKinley's first administration, was forced to resign from the Board of Managers of the American Protective Tariff League because of the "gone daftness" of that organization on the tariff question. Mr. Bliss is a high tariff advocate himself, but the views of the league have become so notoriously extreme that Mr. Bliss withdrew in order to make his protest as forcible as it is possible to make it.

THE SUGAR SITUATION.

But for artificial repulsion the trade of Cuba would as naturally toward the United States as the water in the Delaware river flows into the bay, asserts the Philadelphia Record. But in order to insure the sugar trust a profit of \$39 per ton on their products we refuse to abate any part of our tax on cane sugar produced in Cuba, whereby we would secure a reciprocal reduction of Cuba tariff rates on articles imported into the islands from the United States. This is a double injury to the people of Cuba and to the people of the United States. The Cubans are deprived of their natural market for their chief article of agricultural production and of the advantages of cheaper access to our markets; and the people of the United States are prevented from getting cheaper sugar from the nearest source of supply and prevented from a profitable exchange of their wares in payment thereof. The people of both countries are fleeced in order that the sugar trusts may reap larger profit. So powerful are the trusts and so weak is the Roosevelt administration in dealing with them that it is now evident that the Republican party will have to go to the people this fall in an attitude of default. The trusts have compelled the party to abandon its policy of reciprocity and to shamefully break faith with a weak and struggling people who, after years of struggle and suffering, have with our aid established the latest of all the American Republics. This is a shameful situation. We are absolutely driving the people of Cuba in their desperation into the arms of our great commercial competitors.

On this point, however, it is well to remember that the Democrats of the House succeeded at the last session of Congress in getting an amendment through striking off the differential duty that specifically favors the trusts, but of course it didn't get through the Senate.

THE BEE HIVE

OUR NEW Department!

It is with a great deal of pleasure that we announce the opening of our Shoe Department for Ladies, Misses and Children on MONDAY, September 8th, and we cordially invite the public to give same a thorough inspection. Having had eighteen years' experience in handling the products of many shoe factories, we feel satisfied that the lines we have selected to carry are the models of shoe perfection. Our immense line will embrace the "Hanan" shoes for women, which are, no doubt, the highest grades of women's shoes made.

The famous "QUEEN QUALITY" shoes, known the world over as the best wearing and most comfortable Shoes manufactured, will be sold exclusively by us.

Our department will also contain several other famous makes of shoes.

Special announcement in to-morrow's paper.

COFFEE!

Nothing is more enjoyable than a good cup of coffee. It's strengthening qualities are well known.

LANGDON has made coffee a study for years and every grain is tested by him before being placed on sale. We have our own coffee roaster giving you the advantage of fresh roasted goods each day.

Our French Breakfast, a royal drink, 15c. pound is as good and better than you can get anywhere at 25c. pound. Our Hacienda, a Java blend, 18c. a pound is simply splendid. A drink fit for the Kings.

Our Crown Mixture at 20c. pound is a pure Java with a delicious flavor blended to perfection and sure to please. Our Aristocrat and Aroby Blend at 25c. and 30c. is as good as grown. Selected and roasted as highest grade coffees.

Our good Rio at 12½c. per pound is a good coffee and worth 15c. We have a fair Rio at 8½c. pound that beats all package goods.

Come and see our brands. Wholesale prices to dealers.

Miss Alfie Ball and brother visited Miss D. Worthington during the fair.

Be just, kind and conscientious in all your dealings.

Woman is often referred to by man as "doubling his joys and halving his sorrows." That may be complimentary but it would seem to be rather hard on the woman. For in plain terms it means that where things are going well with the man his wife makes them go better. But when things are going ill with him, he expects the wife to share half his burden. And there's more truth than poetry in this presentation of masculine selfishness. Men don't appreciate the fact that the strain of motherhood alone is a burden bigger than all the loads that rest upon male shoulders. They see the wife grow thin, pale, nervous and worn without a thought that she is over-burdened. Among the pleasant letters received by Dr. Pierce are those from husbands who have waked up before it was too late to the crushing burdens laid upon the wife, and in the search for help have found in Dr. Pierce's Favorite Prescription a restorative which has given back to the mother the health of the maiden and the maiden's happiness. "Favorite Prescription" always helps, and almost always cures. It has perfectly cured ninety-eight out of every hundred women who have used it when afflicted with diseases peculiar to women.

THE CZARINA.

Unpleasant Experience Which Befalls Her Officially Reported.

St. Petersburg, Sept. 4.—The official Journal De St. Petersburg contained the following announcement: "Some months ago certain changes occurred in the condition of the czarina, which indicated pregnancy. Now owing to a deviation from the normal course of pregnancy, her majesty has had a miscarriage. There are no complications. Temperature and pulse are normal."

No Danger Feared.

Copenhagen, Sept. 4.—Messages received at the court here announced that the czarina was in a serious condition, but that no further danger was anticipated. It was also suggested that possibly the dowager czarina of Russia, who was to have left St. Petersburg Sept. 7, for Copenhagen, accompanied by King George of Greece, will postpone her departure in consequence of the czarina's illness.
